NON-DESTRUCTIVE TESTS

cargo carrying unit

CARGO CARRYING LOGISTIC SOLUTIONS FOR THE 21ST CENTURY OILFIELD

Rental, Consignment, Lease Programs plus Purchase of Standard or Custom Built Cargo Carrying Units

KEY BENEFITS

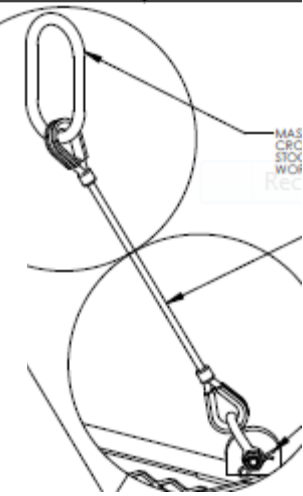

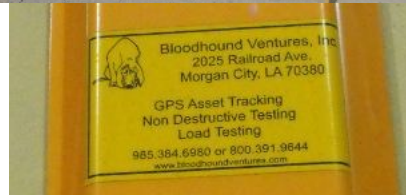

Paragon, in conjunction with its sister company, Bloodhound Ventures, Inc, conducts industry standard tests to ensure compliance with Safety and Performance certification requirements.

KEY FEATURES

Paragon trains and monitors staff that tests and maintains its wide range of equipment to ensure that the highest quality and safety standards are met and adhered to.

Through the use of testing skills, procedure adherence and standards of maintenance, Paragon provides fully engineered solutions for the testing and certification of units and rigging, which are constantly tracked and monitored with an online GPS system and documented certification database.

- Fully engineered to meet or exceed API RP 2A standards
- Paragon is ISO 9001:2008 Certified
- Shell Exploration and Production Co (SEPCo) Compliant
- Configurations could be designed to meet all BHP or DNV-2.7-1 standards
- Each unit goes through relative load or pull testing for strength or wear and either MPI (Magnetic Particle Inspection) or Dye Penetration testing for cracks or fatigue on a scheduled basis over the life of the unit and rigging.
